E. Student Academic Counseling and Support

Arrangements for availability of faculty and teaching staff for individual student consultations and academic advice :

Appropriate student advising is provided to support the student during the whole semester. It helps the student to build a close relationship with his/her advisor and to provide student motivation and involvement with the institution.

Additional counseling is provided by course directors, who provide students with academic reinforcement and assistance and refer “at risk” students to the Vice Dean for Academic Affairs and the Vice Dean for female section. Some methods to implement advising is by:

- Consultation by appointment (as needed)
- Through emails
- Through BlackBoard Learn
